Teaching Experience

Cincinnati Shakespeare Company

Teaching Artist

- **Project 38** 2019-20
 - Cincinnati Shakespeare Company is partnered with over 45 schools in Northern Kentucky and Greater Cincinnati, serving, in many cases, as a school's only access to theatre programming. Over the course of an academic school year, schools use one of Shakespeare's 38 plays to create an inspired piece of art that is showcased at the end of the spring semester at a week-long festival in Memorial Hall in downtown Cincinnati. I worked exclusively with four of these schools to help teach and inspire young artists to create their own work using Shakespeare as their foundation; and occasionally served as a substitute instructor at a few other schools.
 - Text used: *King Lear*, *Macbeth*, *A Winter's Tale*, and *Twelfth Night*
- **Workshops** 2019-20
 - Often schools and organizations desired workshops to go along with a show we were performing at their school; as a part of my Tour Manager responsibilities, my job was to plan, facilitate, and participate in workshops related to Shakespeare's text and/or understanding a specific play.
 - Texts used: *The Tempest*, *Merry Wives of Windsor*, *Macbeth*, and others

AD Players

Lead Instructor

- **A "Slice" of Shakespeare: Combining the Bard's Text with Armed Combat** 2019
 - Over the course of a 4 hour workshop, students learned how to speak the language of Shakespeare all while learning how to both safely and effectively use sword fighting in telling a complete story; ultimately culminating in a final battle scene.
- **Home Ed Plus: Acting Shakespeare** 2019
 - A 16-week, semester-long acting course for 11-to-18 year-old students interested in furthering their acting technique and Shakespearean training, with an emphasis on public speaking. The students were home-schooled and the many lacked proper communication skills, making this class a valuable resource.

Teaching Assistant

- **AD Players Performing Arts Academy: Performance Technique** 2018-19
 - For ages 8-11, this Saturday class served both as an acting and performing class, teaching children acting techniques in a fun, interactive environment. As assistant, my duties consisted of helping the lead instructor with classroom management, actively participating in direction and coaching of children, create and introduce group warm-up exercises, and encouraging the kids to produce their best work possible.

University of Alabama, Department of Theatre and Dance

Instructor of Record

- **Introduction to Theatre** 2015-18
 - A lecture based course covering a broad range of theatre history and criticism, both eastern and western drama, musical theatre, careers in theatre, and thus, how it is made. Taught a total of five sections over 3 years: two section with 50 students and the remainder with 35.
 - Textbooks used: *THINK Theatre Felner 2013*, Robert Cohen's *Theatre Brief, 11* McGraw Hill Connect Course (online)

Graduate Teaching Assistant

- **Introduction to Theatre** 2015-16
 - Assisted with a larger lecture hall class of 150+ students under Jason Armit; and a smaller, 35-student section under Chelsea Nicholson

Guest Lecturer

- **Advanced Stage Movement (Alexander Technique)** 2015
 - Filled in for a week during Professor Kelley Schoger's absence due to a funeral. While not certified in Alexander, I was able to use my expertise in helping students have a better grasp of their bodies as tools of discovery.

Educational Theatre & Arts Outreach

Cincinnati Shakespeare Company

Tour Manager

2019-20

- Over the course of a year I served as the liaison between Cincinnati Shakespeare Company and all schools, parks, libraries, detention centers, etc. which the touring company had the privilege to perform. This included but was not limited to: contacting locations and ensuring the customers and actors needs were both met prior to arrival, making sure the actors got to and from a location in a timely, efficient manner, planning and overseeing workshops, keeping up team morale, keeping track of performance reports, stocking supplies, packing the van, and having the final say on any company related concerns while on tour. In addition to these responsibilities, I also acted with the touring company.

 - Inspired by New York University’s production by the same name, and interweaving each of the actors’ own personal college experiences, I was able to showcase in song and dance form the effects of alcohol, encouraged getting involved on-campus, managing finances, finding your identity, taking care of mental health, and more!
 - Granted \$10,000 from the Provost and Dean’s office, and with the combined efforts of over 10 different offices on-campus (Student Life, Women and Gender Resources, Student Health, etc.) we were able to create a 45-minute production that was performed 10 times during the summer orientation programs for a combined audience of over 4,000 students.
 - The show has since grown and expanded and improved upon since that first trial year, changing its name to *NKU Disorientation*, and naturally getting face lifts with new directors and actors over the course of the past 5 years.  - And the Honors Sidewalk Resolution, which provided a necessary safety measure to be put in place that foresaw the construction of a sidewalk to the previous Honors House location, as up to that time there was no sidewalk and students that were confined to a wheelchair were forced to roll up the one-lane hill to get to their classroom.

Chauffeur for the Kentucky Derby 2014-16

- For 3 years I drove NKU Board of Regent’s Member Nathan Smith’s friends and colleagues throughout the commonwealth for 4 days of Derby festivities and networking with other executives. This experience taught me how to work and communicate with a wide variety of people and build relationships that have led to future jobs such as my year-long position at Ken Perry Realty, detailed below.

Ken Perry Realty 2014-15

- **Personal Assistant to Ken Perry and Resident Ad Designer**
 - While my job mostly consisted of posting, updating, organizing, and removing listings online, going to homes for measurements or to cut the grass and stick a “For Sale” sign in the yard, I was also responsible for designing all of our listing flyers. My biggest project was designing a 20+ page sales package for a \$1.5 million apartment complex that we sold within a week.
 - Over the course of a year I grew very knowledgeable in Microsoft Publisher.

Steakn’Shake 2010-12

- **Server**
 - Of the two years I worked at Steakn’Shake, from shifts as short as 5 hours, to pushing through two, back-to-back shifts resulting in one long 26-hour shift, I quickly learned how to deal with the stress of dealing with out of control, drunk customers rolling in at 3:00 am, and customers who want to complain simply to complain. Despite all this, I grew a love for the profession. Good customers always outweighed the bad, and I learned the valuable lesson that the harder you work the more money you make in tips; which I think can be applied for a wide-range of careers - the harder you work the more opportunities become available for you.
